Fairfield-Suisun USD Administrative Regulation Safe Routes To School Program AR 5142.2

Students

District strategies to improve student safety along routes to school and to promote walking, bicycling, and other forms of active transport to school by students may include:

1. Education activities that promote safety and awareness, such as:
 - a. Instructing students about pedestrian, bicycle, and personal safety
 - b. Instructing students about the health and environmental benefits of walking, bicycling, and other forms of active transport to school
(cf. 3510 - Green School Operations)
(cf. 5030 - Student Wellness)
(cf. 6142.7 - Physical Education)
(cf. 6142.8 - Comprehensive Health Education)
